**In the city of Ivrea**, the local group of MIR and 25 other organizations have organized a presidium in the square at noon, at 1pm the bells of some churches will be ringing, a ginkgo biloba tree will be planted, videos of local artists against atomic weapons will be projected in a municipal hall, and the exhibition "Chronicle of the atomic bombing of Hiroshima" will be on display in the atrium of the City Hall for a week.

On January 20 two conferences with projections and a play against atomic weapons were held for 400 high school students. The secretary's office of the municipality, at the request of our organizations, sent an invitation to 54 municipalities in the area to join the campaign "Italia ripensaci", asking the government to join the TPNW treaty.

**In Torino** there will be a public initiative in the City Hall Square at 11:30 am.

Presidio Italia Ripensaci! by the Coordination AGITE Piemonte -to which the local branch of MIR is part-:

- bring a bell

- "wear" a sign in support of nuclear disarmament and Italy's ratification to the UN Treaty

- take your place in a circle (respecting the physical distance)

Initiative in support of the campaign #ItaliaRipensaci of Rete Italiana Pace e Disarmo and Senzatmica.

In collaboration with International Campaign to Abolish Nuclear Weapons (ICAN) and in connection with IFOR DAY OF ACTION for the 1st anniversary of the entry into force of the UN NUCLEAR BAN TREATY

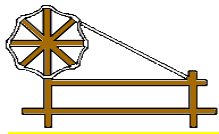

From the balcony of the City Hall will wave the banner "Italia Ripensaci".
